

Our friend and founder of **That Dam Swim**, Jim Cottam, swam another 23 miles on September 23, 2017 as a fundraiser for **The Hope Chest for Women**. Several others swam a portion of the distance with Jim and many folks took support roles. Kayakers, pontooners, paddle-boarders, and hikers all joined in to support the cause. Thank you to everyone who gave their time and energies to make it a great day!
